

MAGIC TREE HOUSE, MIDNIGHT ON THE MOON

By Mary Pope Osborne

Hello, people of earth, there's a new cereal in town and its name is Rockets and Stars. Once you try this cereal, you'll be blasted off to Mars. Rockets and Stars will get you in a groove, so try Rockets and Stars and get down and bust a move. Jack and Annie have a mission so they go up into space, then they go through two doors, AKA a partition. Once they go through the two doors, they find two space suits lying on the floors. One floor is white and one floor is black, are you getting this fact? Once they get their space suits on they're out of the shuttle, so they're gone, gone, gone. To get this case all erased, they go searching on the moon in the middle of space. They find a man in a space suit, then he hands them a note. I wonder what he wrote, on the note. Then they go back to the tree house and they find out who it is. Morgan, say who? So once you have your birth, try the best cereal on earth. Rockets and Stars, OH YEAH!
